

A Culture of Caring for you

You've spent a lifetime making your own decisions and supporting your family's best interests. The in-home care you or your family require should be no different. We provide support to Texans who choose the Consumer-Directed Services option to self-direct their long-term service and supports through Texas Health and Human Services Commission and Managed Care Organizations.

Consumer Directed Services (CDS) puts you in control, allowing you to arrange and direct your own services and determine the care best suited for your specific needs, instead of using a provider agency.

- As the Employer of Record you recruit, hire, train, and schedule your caregivers.
- CDTX is the FMSA who will support you with employer responsibilities such as payroll, work comp, and filing taxes.

Our supports Include:

- Processing required enrollment paperwork
- Accurate and timely payroll processing
- Pre-payment controls and post-payment reporting
- Participant and service provider training
- Caregiver record retention

Life is better at home where you can be independent and make your own choices.

Our job is to help make your home care journey easy.
